

FOR IMMEDIATE RELEASE:

Teaming Up to Feed the Homeless

Giving Back Event Results in Over 500 Sandwiches Made and Delivered to Minnesota's Homeless

Eden Prairie, Minnesota- June 12, 2017- An important element for all companies is growth and is commonly reflected in a company's bottom line. Like many businesses, Survey & Ballot Systems (SBS) measures growth through the bottom line; however we also believe growth occurs through giving back.

On June 12, 2017 SBS held a give back event with a goal of assembling 500 sandwiches in an hour, which were donated to The Sandwich Project MN, a grass roots organization built on anonymous donations of time, talent and treasures. All donations are given and used with the purpose of feeding those less fortunate.

We reached our goal of making 500 sandwiches in only 35 minutes. "It's always great to be work at a company that recognizes and supports the importance of giving back to the community. After all, giving back is only one of many ways to grow as a company," said Deb Ranelle, SBS Marketing Manager.

About The Sandwich Project: The Sandwich Project was established with a starting goal of feeding 150 homeless people in Minneapolis, MN as many times a year as possible, with the ultimate goal of doing it every day of the year. Today, they are helping to feed about 4,500 people per week through various shelters and food shelves!

About SBS: SBS has been setting the standard in election management since 1990. We connect associations, organizations, cooperatives and credit unions with their members through online, paper and hybrid elections, surveys and evaluations. For more information, please visit
